GANESH UTSAV 2019

And we keep marching on...

Bringing together the people of our society and working for their betterment has always been the main goal of VPFC. We took this endeavour a step further when we started thinking of our environment as well.

This actually was quite a difficult task because all of us have got so used to taking the environment for granted. Thermocol, Styrofoam and other plastic products are lavishly used without a single thought to how it is ruining our environment. Do you know it takes 500 years for a piece of thermocol to naturally degrade!?

For eight years since we initiated the **VPFC Ganesh Utsav**, we used thermocol for our decorations because it was convenient to use and also because it was inexpensive. But in 2009, thanks to all the information available about the negative effects of Global Warming, we put a complete stop to the use of thermocol. In the same year, we also stopped the use of gulal and fireworks. It was not been an easy decision to make because change is always difficult. However, the constant encouragement that we received from the residents of Vijay Park and the several awards of appreciation we received from the Thane Police kept us marching forward.

This year, we are taking up yet another initiative - to reduce the unwanted use of paper. Instead of printed receipts for the VPFC Ganesh Utsav, we have developed a application through the receipts will be emailed to the individual. Last year we stopped printing souvenirs too. Imagine the number of trees we can save!!! Like we said, change is not easy, but we hope you will accept this initiative and extend your support as you always have.

SEASON 2
VIJAY PARK'S
RISING
STARS

18 years of organizing the VPFC Ganesh Utsav has taught us so much, but the greatest realization we have had in this time is that Vijay Park is nothing short of a treasure chest of talent. We have it ALL!

It's this realization that has led us to initiate VIJAY PARK'S RISING STARS - our very own orchestra group. This group comprises a bunch of talented individuals whom we have painstakingly culled from the mass of performers we have seen over the past few years. With this orchestra we hope to provide these stars with a platform to exhibit their talent...and regale us at the same time. We hope you'll join us in encouraging our Rising Stars. See you there for SEASON 2!
